

# **MOCHAMMAD ILHAM FAADHILAH**

What's Inside My Portfolio?

Itham.

# About Me.

Informatics Engineering students who have a high interest in programming. Have a good understanding of website development. Mastering PHP and Javascript programming languages, HTML, CSS, Ruby with SQL database. Frameworks such as Bootstrap, Ruby on rails. Accustomed to designing and building websites for personal and to fulfill assignments, what is done will be maximized in terms of time and quality.

## Education

- Adhirajasa Reswara Sanjaya University  
*Informatics Engineering*  
GPA : 3.85
- SMAN 1 Cikancung  
*Natural Science and Biology*  
Final Score : 85.15

2021 - 2025

2018 - 2021

## Tools Skills

## Organization

- Pemuda Pelajar Merdeka  
*Member*
- Student Council  
*President*

## Experince

- Kharisma Indotech Pratama  
*Fullstack Developer* Feb 2024 - Present

## Hard Skills

HTML CSS JavaScript

Bootstrap PHP Ruby

Ruby On Rails MySQL Web Developer

## Personal Skills

Teamwork Public Speaking Work in a timely manner

Problem Solving Critical Thinking Communication

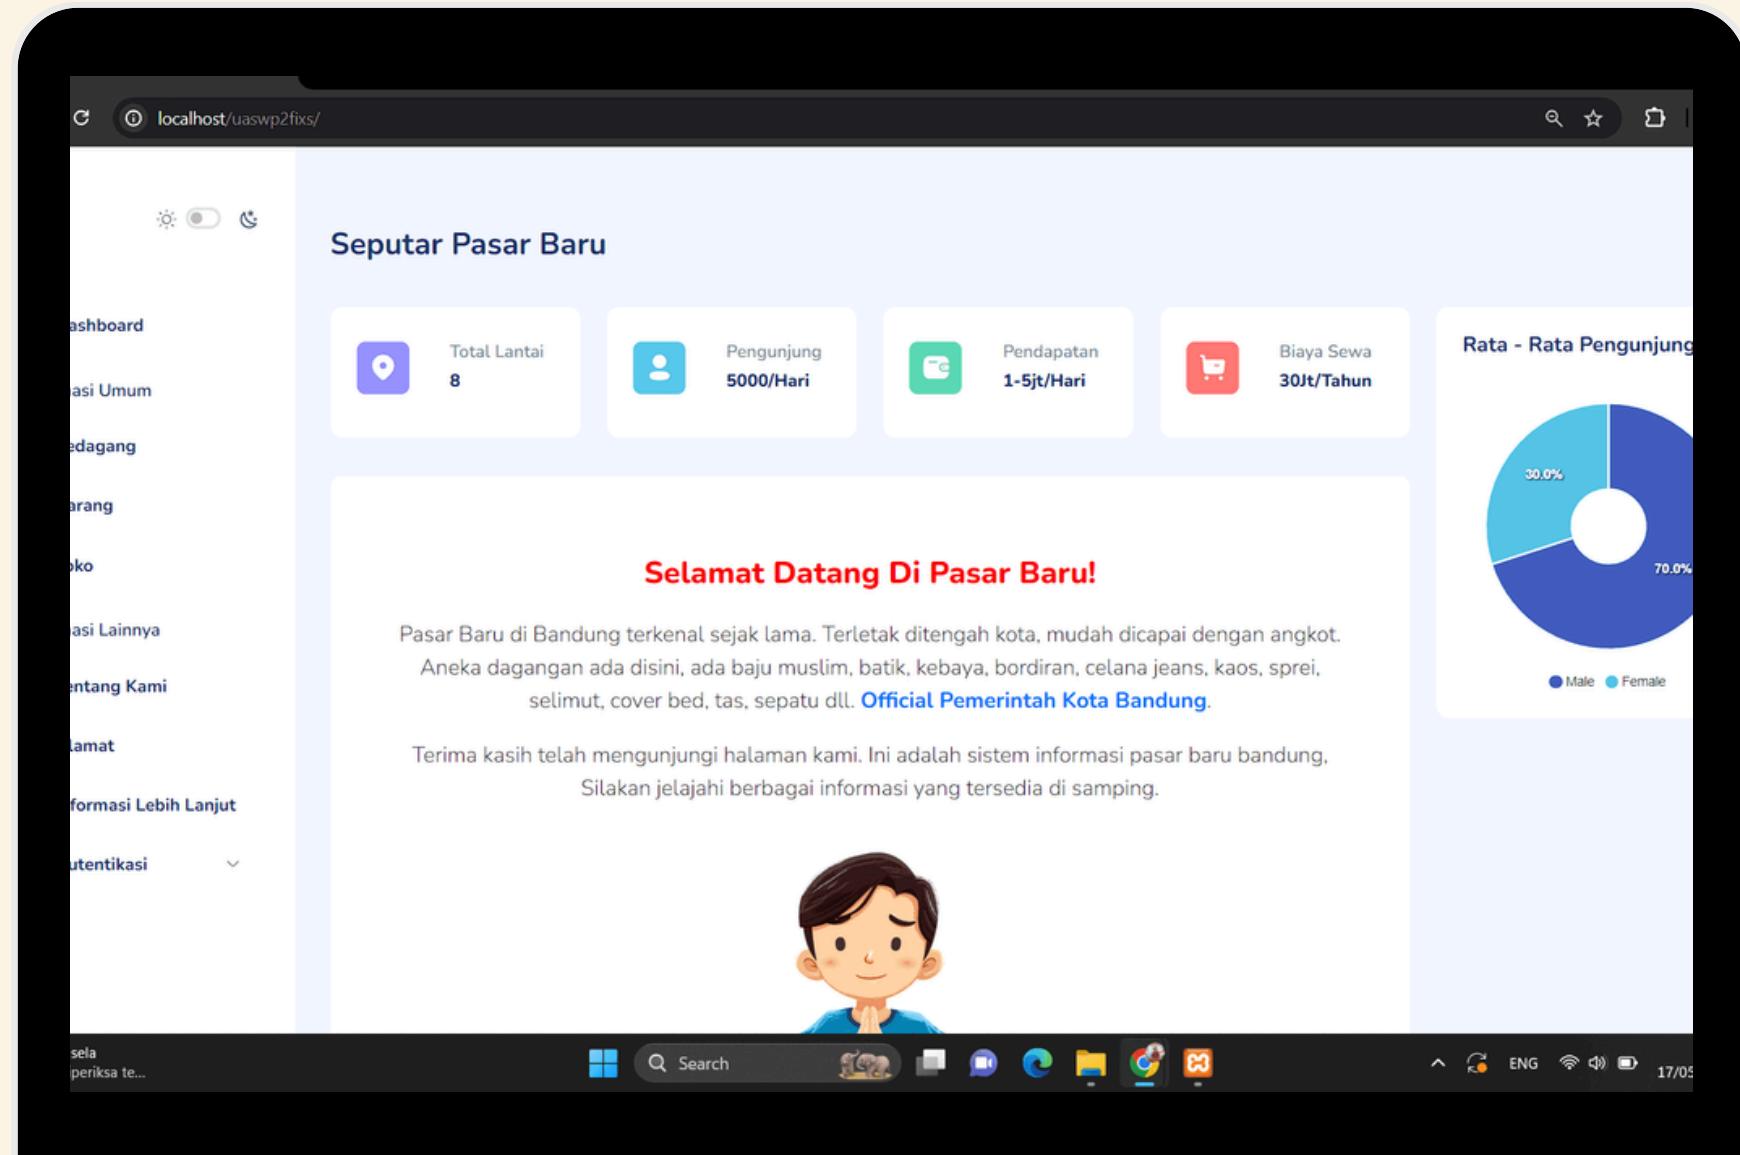

Ibham.

# *Website Development*

## **Build a website using the best algorithms.**

# System Information Pasar Baru

Github

## What About This Project?

This project is the final project of the 5th semester lecture with web programming courses. It is an information system website, which can manage merchant data, data on goods sold and details regarding what each floor has.

## What's My Role?

I built this project by myself by starting to design a nice front-end to an easy-to-understand back-end algorithm.

# Face Emotion Prediction

**Demo**

## What About This Project?

This project is the final project of deep learning, here I use image processing with the cnn method and the tensorflow and keras library

**Technology**

# Demonstrasi Al-Hikmah

The screenshot shows a web application titled "Data Sertifikasi Peserta Alhikmah". The main section is titled "Informasi Peserta Sertifikasi" and displays a table of participant data. The table has columns: No, KD Skema, Nama peserta, Jenis Kelamin, Alamat, No Hp, and NIK. There are 5 entries:

No	KD Skema	Nama peserta	Jenis Kelamin	Alamat	No Hp	NIK
1	SKM - 001	Ilyas Hidayat	Cowo	Yugoslavia	0993689212	32042510060
2	SKM - 002	Yusuf	Laki-Laki	Hegarmanah	08213141221	0
3	SKM - 003	Echa	Perempuan	Jakarta	0853252624	0
4	SKM - 004	Anjani	Perempuan	Bogor	086537122	0
5	SKM - 001	Habibi	Cowo	Aceh	09432432532	32042510060

At the bottom left, it says "Showing 1 to 5 of 5 entries". At the bottom right, there is a "Dibuat" button.

## What About This Project?

This is the final project of the junior web developer training class, on this web only the admin can log in and view, add participant data.
